## Memo

To: Parents/Guardians

From: Candace Galvez, Executive Director

Date: November 24, 2021

Re: Travel Requirements

---

As we approach the holiday season, I wanted to send a reminder regarding travel guidelines. The Gramon Family of Schools continues to follow the CDC recommendations for both vaccinated and unvaccinated students who plan to travel.

Students who are fully vaccinated with an FDA-authorized vaccine can travel safely within the United States and do not need to quarantine after travel and may return to school. Fully vaccinated is after more than 2 weeks following receipt of the second dose in a 2-dose series, or more than 2 weeks following receipt of one dose of a single-dose vaccine. The CDC also recommends fully vaccinated individuals to self-monitor for symptoms after traveling domestically.

If traveling internationally, vaccinated students must get a COVID-19 viral test 3-5 days after travel and be monitored for symptoms. If COVID-19 symptoms arise, the student must isolate and get a COVID-19 viral test.

Unvaccinated students or students who are not fully vaccinated must get tested for COVID-19, 3-5 days after travel and self-quarantine for 7 days, or self-quarantine for 10 days without a test before returning to school. Students should be monitored for COVID-19 symptoms and isolate and get tested if symptoms arise.

We very much appreciate your cooperation in this regard as we work toward safely operating our schools.
