March 14, 2020

Dear Parents/Guardians,

As we continue to keep the health and safety of our students and staff as our main priority, we want to keep you informed of support and assistance available during this unprecedented school closure due to COVID-19 related concerns.

Many families rely on our schools to provide nutritious meals for their children every day. With the assistance of the Department of Education and the Department of Agriculture, the Clifton Public School is able to extend school nutrition services to students who need them during this health-related closure.

Breakfast and lunch will be available at three satellite locations, beginning Tuesday, March 17, 2020. **Any family** in the Clifton Public Schools Community can pick-up grab and go breakfast and/or lunch from 10 am to 11 am, Monday through Friday, at CHS, CCMS, and School 17. Meal pick up will be at specific door locations.

CHS -----Gym doors at the front of the building  
CCMS-----Cafeteria Doors alongside the Stadium  
School 17---- Cafeteria doors in front of the building

We are hopeful that this food service assists our families as we all work together to get through this challenging health situation.

Thank you.
